 - **Petit Chateau**
 - o Opvragen plannen
Rob asked around and was send to all corners of their organisation but no catch, he thinks top down would do the trick...
 - o Pascal Smet steun
 - *No reply*
 - *Important to keep line with VGC open and to develop it futher maybe not only via Pascal Smet*
 - *Maybe also in a more broader sense not just petit chateau (which is maybe to singular) but more as Permanent an overarching atelier organisation with an alternative?*
 - *Rob will ask if Jesse has time to rewrite and edit the archipel document to Permanent to use it as a way back into the VGC.*
- Afterthought*
- *Rob thinks it is really important also to work on the COCOF and Rudi Vervoordt side, therefore we need a representative for the french speaking artistic scene who also is connected politically and wants to make an effort for Permanent, this would be really strong because also in the government agreement strengtning the collaboration between VGC and COCOF is written down.*
-
- **Permanent Archipel**
 - o Proposal for small scale solutions parallel to petit chateau campaign

Necessary but maybe confusing maybe find a way to do this as Permanent.

Rewrite document in perspective of this.

- o Opencall building near Midi

- **Please read document attached in advance! (Sorry in French...)**

- **It is important not to spread this document because it is a draft that is not public yet!!!**

- *Possible partners Globe Aroma, Toestand?*

Opencall was launched this morning. It could be an interesting trajectory to test colaborations. Much of the space is not so usefull for us but possibly for toestand.

- *Rob contacted Bie (Toestand) and An (globe aroma) to see if they want to propose as a team.*
